The *Canadian Nationalist Party* is a political party operating in the federal jurisdiction of Canada. Our movement represents a **revival of national identity**. It is through our policies and vision of a **better way of life for all Canadians** that we will form a majority government by electing candidates to our House of Commons.

## 21 Point Program

1. Issue a vote of **non-confidence** in our current Prime Minister.
2. **Restore the Bank of Canada Act of 1938**, allowing the Bank of Canada to offer low-to-no interest loans to public institutions.
3. **Reinstate the Immigration Act of 1952**, reduce immigration to 20,000 - 100,000 newcomers annually, declare the entire US/Canada border an official point of entry, deport illegal immigrants and those convicted of terrorism, and require new citizens to pass an examination demonstrating their understanding of Canadian history, language, and government.
4. **Abolish the income tax** for single individuals earning less than \$25,000 or those married and jointly earning less than \$50,000.
5. Lower the **small business tax** to 8%, encouraging entrepreneurship and new job creation.
6. Establish **economic autarky**, allowing domestic self-sufficiency while remaining open to pursue major international trade. Subsidize and protect (through the **use of tariffs**) key industries that are unique to Canada's natural resources. No business may be **owned in majority** by a non-citizen.
7. Replace the first-past-the-post electoral system with **proportional representation**.
8. In 1971, 97% of Canada's population was of European-descent. In 2018, this number now stands at a diminished 64%. Therefore, we demand this demographic change (an agenda put forth by Pierre Trudeau and accelerated by Justin Trudeau) be **discontinued immediately**.
9. Disallow **social welfare** to those who have been citizens for less than 5 years.
10. Divert foreign aid spending toward a federal **Rental Assistance Program**. In order to qualify, families must have a gross household income of \$35,000 or less, have at least one dependent child, and have been employed at some point over the last year. In addition, we will introduce a **foreign property tax** on residential property owned by a non-citizen or dual-citizen.
11. Abolish the **federal carbon tax**.
12. Newlywed couples be eligible for a **marriage loan**, 20% of which is forgiven with each common child. Couples must have been married within the last 5 years with both partners being citizens for at least 15 years.
13. Transition to a **two-tier healthcare system**, reducing wait-times by introducing market competition. End taxpayer funded abortions.
14. Introduce a **federal education program** emphasizing topics on Canadian history, government, and athletics. Cap university tuition rates.
15. Prohibit public officials from holding **dual-citizenship**.
16. Build a **Northern Manitoba Pipeline**, opening Canadian oil and natural resource products to foreign export markets.
17. Increase **military funding** to 3% GDP. Grant **lifelong pensions** to injured veterans.
18. **Amend the Indian Act**, enabling property ownership for aboriginals on all land held in federal Crown trusts.
19. Allow employees to opt out of the **Canada Pension Plan** (CPP) in favour of private pension funds under government regulation.
20. Discontinue public funding of **pride parades**.
21. Restructure inter-provincial **equalization payments**.
